Creativity: the true
art of therapy

To raise money to help those affected by MND and GBS, two devastating neurological conditions, The Dochas Fund sells prints and cards of artwork by the late John R. Paterson. John, co-founder of The Dochas Fund, was diagnosed with GBS in 1996 and MND in '97. Before his death in 1998, he asked that his art be used to help others.

The colour prints are taken from original pieces produced by John between 1993-95. The black and white prints (the Pen and Ink Series) are taken from pieces produced between 1979-80.

All prints & cards can also be ordered through our website, www.dochasfund.org.uk, which also provides further information about the Fund and the work it does.

Please fill in your order using a ballpoint pen and BLOCK CAPITALS.
